

# DIGITAL TRANSFORMATION

FUNDAMENTALLY CHANGING THE WAY BUSINESSES APPROACH CYBERSECURITY

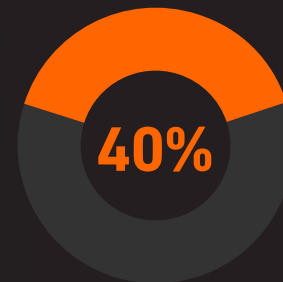

THIS CHANGE REPRESENTS NEW OPPORTUNITIES TO:

- 1** **REDUCE COSTS**
- 2** **IMPROVE VISIBILITY**
- 3** **ENHANCE PROTECTION**

Across cloud & hybrid environments

AT THE SAME TIME, THREAT ACTORS CONTINUE TO PROLIFERATE & GET **MORE SOPHISTICATED.**

## WHAT THREAT ACTORS NEED MOST IS

TO COMPLETE KILL CHAIN

TO EXFILTRATE YOUR DATA

Right now, threat actors seem to have all the time they need.

The average Dwell Time is 125 days.

Giving threat actors the time they need can kill your business.

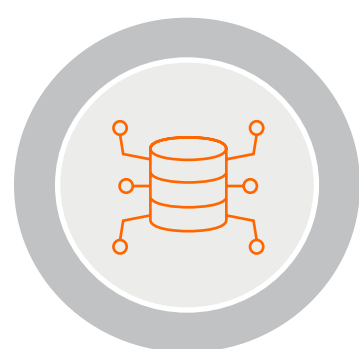

The average cost of a breach is \$4M.

## IN THE RACE FOR YOUR DATA, HOW WILL YOU STAY AHEAD OF THE THREAT?

Outpacing threat actors requires careful orchestration of the right technologies paired with expert analysis and response techniques.

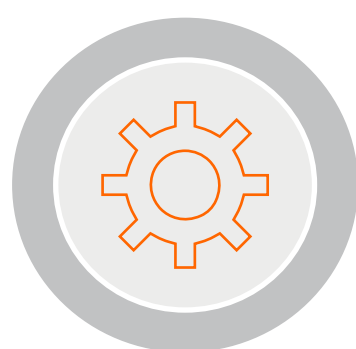

## THAT'S WHY ARMOR CREATED SPARTAN

A proprietary threat prevention and response platform designed specifically to defend cloud workloads and hybrid IT.

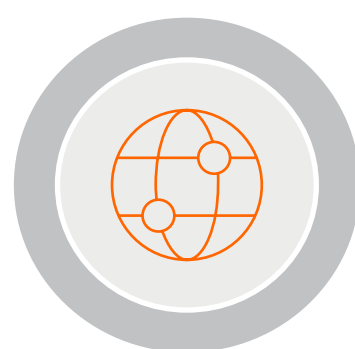

### COMMUNITY-POWERED INSIGHTS

100 Billion events monthly across 1,200+ customers around the globe.

### ADVANCED ANALYTICS & ADAPTIVE TECHNOLOGIES

Clearly identify and address known good, known bad, and suspicious activity.

### GLOBAL THREAT INTELLIGENCE & COUNTERMEASURE DEVELOPMENT

Nearly a decade of threat research by Armor's Threat Resistance Unit (TRU) into threat actor tactics, techniques, and procedures (TTPs).

### TECHNOLOGY ORCHESTRATION & RESPONSE

Tightly integrated and continuously tuned by Armor's security operations center (SOC) to address and respond to the latest threats.

SPARTAN RESULTS IN IMPROVED PROTECTION, FASTER RESPONSE TIMES, AND ENHANCED VISIBILITY ACROSS ALL YOUR ENVIRONMENTS, STRIPPING THREAT ACTORS OF THE TIME THEY NEED TO COMPLETE THE KILL CHAIN AND STEAL YOUR DATA.
