

ARMOR CORPORATE OVERVIEW

CORPORATE SNAPSHOT

SOLUTIONS OVERVIEW

- Makes cybersecurity and compliance simple, scalable, and profitable for MSPs.
- Delivers turnkey cybersecurity through a combined approach of SIEM, SOAR, and 24/7/365 SOC.
- Eliminates vendor sprawl with multiple capabilities in a single software agent.
- Accelerates end-user regulatory compliance with inherited Armor controls.
- Has proven ROI – Forrester study shows 64% reduction in TCO and 774% ROI over 3 years.
- Analyzes 997 million events daily.
- Reduces >90% false positives.
